

TEN SCHOOLS
ADMISSION ORGANIZATION
POST-ADMISSION
CONTACT AGREEMENT

The ten schools listed below believe students are under increasing pressure between March 10 and April 10 to accept specific offers of admission. In order to uphold the highest standard of practice and to reduce pressure from alumni/ae, parents, faculty, and current students, we agree that:

- Contact with admitted students and their parents must be reasonable and held to a minimum to allow families time to make their decisions.
- All contact will be coordinated through the Admission Office.
- Admitted students are welcome to initiate contact with school representatives in order to have their questions answered.

These ten schools also adhere to the Common Reply Date of April 10, 2021. Students must notify all of the schools to which they have been accepted of their intent to enroll or not by this date.
