As students prepare to join the Andover Summer community, they should pack the essentials of clothing and supplies that will carry them through a successful five weeks on campus. Clothing is typically casual and comfortable, and students should be sure to pack layers, as days can be quite hot (between 70-90°F/21-32°C) with cool nights.

Each dorm room has a bed, pillow, dresser, desk, closet or wardrobe, chair, fan, mini-refrigerator, and a wastebasket. Linens (Twin-XL sheets, a pillowcase, a lightweight blanket, towels, and washcloths) are also provided. Hangers are not. Each dorm has a washer and dryer. The (MS)2 program will provide each scholar with a laundry card pre-loaded with $25 (approx. five loads) and laundry detergent.

(MS)2 also provides each scholar with a drawstring bag and all necessary school supplies (e.g., pens, pencils, folders, binders, notebooks, etc.). We also can loan scholars a Chromebook computer and a graphing calculator.
