

## Phillips Academy ANDOVER

The Ice Rinks at Phillips Academy has adopted the following COVID-19 safety rules and requirements. All patrons who access the Phillips Academy campus and enter the facility must be in compliance. (Note: As necessary, these safety rules and guidelines will be updated in response to state and/or federal orders or guidelines and best practices.)

Date	Revision History	Revision Class	Comments
9-8-2020	1.0	New	Released New Document
5.4.2021	1.2	Pro Shop	#15
5.4.2021	1.2	Adult Play #13	#13
1-13-2021	1.3	MA Travel Order	Information related to MA COVID-19 Travel Order and Expectations of Guests
	1.3	Formatting	Document formatting
6-2-2021	1.4	Update	Updated guidelines for building operations

It is the expectation that guests will familiarize themselves with the Commonwealth of Massachusetts COVID-19 Travel Advisory effective March 22, 2021 and comply with the requirements, quarantine, and/or testing, as outlined. During any period of quarantine, guests may not use the facilities. Those who wish to be tested to satisfy the mandate requirement should coordinate testing directly through a testing center in their community or through their PCP in compliance with the order. The full order can be found at [MA COVID-19 Travel Advisory](#). Please visit the site on a regular basis in order to remain up to date on the requirements.

- Stay home or go home if you are sick.** In the spirit of the Academy's Non Sibi motto, not for self, and for community health, it is important that you stay home if you are not feeling well. Do not come to campus or the Ice Arena if you:
  - Are being tested for COVID-19 (outside of the Academy testing plan) or have recently tested positive and not yet recovered.
  - Live with someone who is being tested for COVID-19 or who has recently tested positive and not yet recovered.
  - Have been informed that you have recently been exposed to someone who is being tested for COVID-19 or who has tested positive.
  - Are experiencing any COVID-19 symptoms.
- For individuals who are fully vaccinated, the CDC guidance says you may resume all of the activities that you engaged in prior to the pandemic without wearing a mask or staying 6 feet apart, except where otherwise required by federal, state, or local laws, rules or regulations.**

**3. For individuals who are not fully vaccinated, it is important that you continue to wear a face covering or mask to help prevent you from spreading COVID-19 to other people. People who show no symptoms of illness may still be able to spread COVID-19. For individuals who are not fully vaccinated, the CDC advises the following:**

- Wear a face covering or mask that covers your nose and mouth.
- Stay 6 feet apart from others who don't live with you.
- Avoid crowds and poorly ventilated indoor spaces.
- Wash your hands often with soap and water. Use hand sanitizer if soap and water aren't available
- Get tested if you have been exposed to or have symptoms associated with COVID-19.

All areas of the ice rink, including common areas, locker rooms, player benches, and other "high touch" surfaces, will be cleaned regularly and operational areas within the rink will be disinfected each night.

If you have any questions or concerns regarding any aspect or element of the guidelines, please contact Matthew Gray at [mgray@andover.edu](mailto:mgray@andover.edu). We appreciate everyone's patience and cooperation in adhering to these new guidelines and ask that all patrons abide by rink staff direction.
